*A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be the best ebook for possibly.

GAO examined the Department of Labor's (DOL) Senior Community Service Employment Program (SCSEP), focusing on: (1) DOL's process for awarding SCSEP grants; (2) the extent to which DOL equitably distributes SCSEP funds; and (3) SCSEP administrative costs. GAO found that: (1) in order to maintain 1978 activity levels, the Older Americans Act (OAA) requires DOL to award SCSEP grants to national sponsors and those with proven track records; (2) of the \$410 million in SCSEP appropriations for program year 1994, \$234.5 million was distributed under the 1978 activity level provision; (3) DOL's use of the 1978 allocation pattern severely limited its ability to achieve equitable distribution among states; (4) appropriations statutes have overridden the title V funding provision to require that no more than 22 percent of SCSEP appropriations be allocated to state governments; and (5) in program year 1994, national sponsors' administrative costs exceeded the 15-percent limit due to administrative expenses being charged to another cost category.
