Army Research Institute for the Behavioral and Social Sciences, 2006 OCLC Number: (OCOLOC)318813913 Subject: Soldiers -- Training of -- United States. Excerpt: . . . Length of time required to execute the training events ( e. g. , 1 hour ). The training event time must include the approximate duration of time required for both the AAR and associated movement time ( e. g. , 30 min ). Time set aside for retraining. The developer will subtract time set aside for retraining from total available training time. The developer will divide the event plus AAR time ( ex: 2 hours ) into the remaining available training time ( ex: 12 hours ), providing an estimate of how many training events can be conducted in the available time ( 12 hours divided by 2 hours equals 6 training events ). Multiply the average number of tasks in a given training event with the number of training events to get an estimate of how many tasks should be in the TSP. Consider that a number of supporting...
