Brand New Book ***** Print on Demand *****.The cover of these prophetic and passionate poems show a mushroom cloud in the distance yet the reality of nuclear missiles is mindlessly near. The nasty picture of a Drone in the foreground reveals a dangerous future. The red color percolates up through the parched earth to represent the values of peace, justice and ecology. The occasions at the bottom of the readings are hints to the context of the poems. Some poems have a mind of their own but often the poems are lit up by political and mundane living. Volume 2 of this trilogy of Prophetic Poetry is a key to a door of hope -- open it!.
