

The Silly Solar System

By Kevin Charles Price, Robin Carter

Kama Publishing. Paperback. Book Condition: new. BRAND NEW, The Silly Solar System, Kevin Charles Price, Robin Carter, "Our Solar System's a wonderful place, A collection of planets rotating through Space, With the Sun at its heart, its own glowing star; It's so far away we can't reach it by car. If we want to visit, then here's what we'll need, A spaceship which moves at incredible speed. Imagine we've built one of just the right kind, Blast off from the centre and what will we find?" Join the famous astronomer, Patrick McFuddy and his son, Jacob, on their poetic journey through our Solar System. With artwork supplied by Robin Carter (Horrible Histories, Horrible Science) and a wealth of useful information packed inside, The Silly Solar System is an ideal way to introduce children from 6 - 12 years to our nearest neighbours in Space.

Reviews

This book is definitely worth acquiring. I have go through and so i am certain that i will likely to read through again again in the future. Its been printed in an exceptionally basic way in fact it is only after i finished reading this publication in which actually altered me, change the way in my opinion.
