Mixed race people are always told what they should identify as. It's very difficult to fit neatly into America's idea of race. Some mixed race individuals battle others issues other than race such as: homelessness, racial ambiguity, ADD, ADHD, illegal immigration, and/or being the first generation to come to America. These issues are not considered a disability, but often it feels like one to the person who is going through it. Some may wear contacts, wear an ocular prosthesis or artificial eye, or have cochlear implants (a surgically implanted electronic device that provides a sense of sound to a person who is profoundly deaf or severely hard of hearing) instead. Just because no one can see your disability doesn't mean it doesn't exist. Invisible disabilities can affect you just as much as a visible disability, like being blind or an amputee. I hope this book will help to unmask society's characteristics of people who think of their race or ethnicity as...
