There conundrum of time has confounded both mystics and scientists alike. What is time How does time move without ever stopping Where did time and how did time originate These seemingly unanswerable questions are the bread and butter of the Cabala. This ancient Jewish knowledge uncovers the source of time, revealing times secret and elucidating times cyclical purpose. Beyond past, present and future is God Time; these four distinct states of time correspond to the four elements of fire, air, water and earth and the four spiritual planes illuminated by the Four Letter Name of God. The symmetry of time of space is the loom upon which each moment of reality is woven. This item ships from La Vergne, TN. Paperback.
